Hi All,

My edit to the letter is attached.

In addition, in the questions, at question 3 – I do not think we need a question mark.

## Ex. 5 AC/DP

Once these are in more final form, does EPA want Tom to review, provide comments, or input other information?

I do not have other comments or edits.

Please let me know if you would like to discuss this before Monday.

Thanks,  
Alex

**Subject:** letters and such -- drafts

Here is the letter, the list of questions, and the list of projects. We are thinking that we just want to send the letter and the list of questions for now – baby steps – and the list of projects can come out of the technical meeting since they will be for CD negotiation. Everything is in draft and still has markup in the case of the questions.

Thanks,

Pam
